This exploded view diagram illustrates the assembly of a refrigerator. The components are labeled with alphanumeric codes and arrows indicating their assembly sequence. The main body consists of the upper and lower cabinets (A00, A01), the evaporator (E01), the condenser (E02), the compressor (C00), and the door (D00). The door is shown in two views: a front view (D00) and a side view (D01). The door is composed of an inner panel (D01) and an outer panel (D02). The door is attached to the main body via hinges (H01, H02) and a handle (H03). The door is also equipped with a lock (L01) and a latch (L02).
